

Core Farms/Duello Cattle

I would like to take this opportunity to thank each and every one of you that have stopped at the farm, visited the website and/or called in the last couple of weeks. There is no doubt that the pictures have generated a lot of interest. We only wish the weather would be more cooperative so that we could provide updated pictures as well as photos of the rest of the lots. We have nearly 50 head on the sale, more than ever but our commitment has always been to offer for sale everyone that we produce. In the past we have also done videos but again the weather has put an additional crunch on us.

I know that everyone tends to say “their best set ever” but there is no question that this is the deepest and most diverse set of heifers we have had the privilege to offer. A significant contributor to the quality offering is Dr. Dave Duello from Duello Cattle. Dave has been a close friend to the Cores since I attended college and I am sure those of you that know or have showed under Dave would agree he is truly one of the most talented evaluators of cattle in the business. The 18 heifers from Dave in this sale are the very best(excluding one sold earlier) out of hundreds of calves on his ranch. Most every one is out of direct Meyer 734 mommas or Meyer granddaughters. The maternal advantage that the cow side brings to these females plus the extra advantage of many “colored” heads make these a very unique offering. Sometime if you are in the Pine Bluffs area you need to stop and look at this cow herd. I have never seen one quite like it- pasture after pasture of baldie headed, easy keeping, and good milking cool looking females.

Many of you have commented that you appreciate a couple aspects of our sale and cattle. One being is that we are heifer specialists. These cattle are not accidents resulting from a quest to produce a radical built steer. They are the result of breeding intentions to produce females built to be a combination of attractiveness and long term production. We have and always will be soundness nuts. To some, I am sure we are overboard in this area but I hope we would all agree that this industry has bred themselves into a problem from a structure perspective. Secondly they appreciate that we conduct this private treaty sale in a very quick, open fashion; it will be complete within 2-3 hours following the 5:00 closure of initial bids. In addition our posted sale order process allows you as a potential buyer to manage your strategy easier.

THANKS FOR SHOPPING!

Mark
